Dear Assistant Attorney General Barnett and Chairman Martin:

I have been in radio broadcasting for nearly fifty years, the last two with SIRIUS Satellite Radio. As terrestrial radio pulls the plug on oldies hits, SIRIUS gives me the opportunity to play classic favorites that have been all but forgotten by other stations. 60's Vibration on SIRIUS channel 6 plays all the hits from "the decade of change and growth."

I am proud to have been a part of the evolution of the audio entertainment market it has developed from AM to FM to satellite and all the other options available to today's listeners. The merger of SIRIUS and XM will ensure that satellite radio remains a strong alternative to ubiquitous Top 40 stations that often neglect other kinds of programming.

Of course, for those whose radio interests lie outside the rock 'n' roll era I grew up in, whether they're into talk radio or just another musical genre, a merged SIRIUS-XM will allow listeners to pick and choose the stations they want through a host of different programming options, including a la carte packages. In total, there will be eight different packages, including the "Best of Both" option with great content from both services for considerably less than it would cost today.

My contemporaries and I appreciate that the music that influenced our generation is able to live on with satellite radio, and we are truly excited that this merger will allow even more Americans to rediscover music that paved the way for today's hits. I encourage the Department of Justice and the Federal Communications Commission to continue to allow listeners to hear the unique programming satellite radio offers by approving this merger as quickly as possible.

Sincerely,
